Club of Ontario

## February 17th, 2019 - B.T.C.O. Grooming Day Report

WOW! Our best turnout ever. The Border Terrier Club of Ontario annual grooming day came to a hairy close with tired owners and pups. The final tally was 33 Border Terrier enthusiasts participating with their dogs (12 weeks old to 12 years old!) in various states of "needing grooming" and many skill levels on the part of the owners. The dogs went home looking a lot tidier and their owners went home (hopefully) with a bit more confidence and grooming skills.

Thank you to club president Bev Ferguson for allowing the club to use her facility for the day, and to our hard working BTCO board and volunteers for putting on the event, including providing food, beverages, equipment and always being willing to share their knowledge with those newer to the breed.
